

Trainees in the Association for the Study of Medical Education

Promoting Excellence in Clinical Education and Training

Welcome to the TASME newsletter for Autumn 2016. Firstly we would like to introduce the new committee that were elected at the ASME Annual Scientific Meeting in July in Belfast.

Chair: Ann Chu

Vice-Chair: Neil Patel

Research: Andy Baldwin, Rochelle Velho and Alex Churton

Awards & Prizes: Neel Sharma, Russell Sennayake

Events: Majid Rashid, Helen Thursby, Rohit Chitkara, Johnson Yang-Ning Neo, Anthony Starr

Publicity & Communications: Michael George, Jonny Guckian, Hayley Boyce, Cathy Pye, Conrad Lee

Network Development: Eva Wooding, Matthew Tuck

Further information about individual members, including contact details see the website: <http://www.asme.org.uk/interest-groups/tasme/national-committee.html>

The new national committee met for the first time at the end of September at the beautiful Cumberland Lodge in Windsor Great Park. Nine members of the committee were joined by TASME Alumi Sham Nassrally and ASME Director of Networks Peter Johnson for a productive day of workstream planning and discussions on the TASME priorities for 2016/17 (with just a short break for afternoon tea!).

The day started with an introduction from Chair Ann Chu, and introductions of new team members. We were then treated to an insightful workshop from Sham and Peter on understanding committee dynamics. This helped everyone to recognise how we can improve the way we work together over the coming months. After reviewing the TASME strategy, we then held a marketplace event to gain focus for our ideas on how to address the four TASME priorities: Branch Network Project, Spring Conference, Website & Online Network and Academic Output.

TASME Branches & Network

Get involved locally!

Looking to get more involved with TASME at a local level? There are opportunities to develop your leadership and education skills running local events, getting involved with teaching and joining or forming a local TASME committee in your hospital or region. Commitments can be big or small depending on what you're looking for and the time you have to commit.

What are the benefits?

Joining or running a local TASME branch allows you to demonstrate your commitment to medical education, network, get involved with teaching and develop your leadership skills.

As a TASME branch coordinator you form part of the national TASME network, and will get 1:1 mentoring, as well as training and support from the National Committee.

How do I get in touch?

If you are an ASME / TASME member who is interested in getting involved with your local Regional Branch, get in touch with the Regional Branch Coordinators:

Eva Wooding (South): evawooding@gmail.com

Matt Tuck (North): matthew.tuck@gmail.com

New branches will be supported with mentoring, training and resources. We are always happy to take enquiries about potential new branches.

Interested in organising an event?

Contact us, and/or our events lead (via 'National Committee' sub-page on TASME website) for further advice.

JASME - Calling all medical students and foundation doctors!

Dates for your diary...

Foundation innovation prize – Deadline 16/12/16

Student innovation prize – Deadline 27/1/17

JASME are pleased to offer one award each year to both a Foundation Year doctor and a Medical Student for original project/ piece of work which shows innovation in the field of medical education. The awards are to encourage and reward those who show imagination and enthusiasm for developing new ideas in medical teaching or education. Cash prizes available as well as CV prestige!

All information for both of these prizes are here: http://www.asme.org.uk/grants-awards/jasme-grants-awards/@jasme_uk

TASME Awards – Coming in early 2017

Check the website for more details: <http://www.asme.org.uk/interest-groups/tasme/awards.html>

Coming soon: We Want You!

There are lots of fantastic things being done by TASME members up and down the country. As well as at the Spring Conference, we want to give you the opportunity to showcase your work and share your innovations. Would you like to see your project featured in the next issue of the TASME newsletter? Email your abstract (no more than 200 words) to info@tasme.org.uk by 9th January 2017 to be in with a chance of having your work published.

Coming soon: The Secret Life of the Teaching Fellow

Ever wondered what life as a doctor in medical education is like? Look out for an insight into a day in the life of a teaching fellow in the spring newsletter.
