

TASME & JASME @ ASM 2014

Who are ASME?

“The Association for the Study of Medical Education seeks to improve the quality of medical education by bringing together individuals and organisations with interests and responsibilities in medical and healthcare education”

ASME has two specific special interest groups aimed at both doctors in training, and medical students and foundation trainees. Both groups work together to ensure medical students interested in medical education, medical education research and associated medical education activities are able to develop their interest by supporting them throughout medical school and their training.

Who are JASME? JASME are the special interest group specifically for medical students and Foundation Year Doctors. There is an established network of JASME Local Representatives at medical schools

throughout the UK to aid knowledge exchange. JASME provides ‘Teaching Toolkit’ workshops as well as the ‘Medical Education Research’ workshops. JASME awards Medical Education prizes and grants including the Sir John Ellis Prize, The National Undergraduate Essay Prize, an Innovation Prize and Foundation Innovation Prize.

Who are TASME? TASME are one of the newest special interest groups specifically for trainees, bridging gap between JASME and ASME.

TASME comprises semi-autonomous “Regional Hubs” who hold local events and share teaching resources, experiences and opportunities. Hubs are coordinated and supported by a national TASME committee. All doctors from F2 upwards are eligible to join. We include out of programme and between programme trainees.

TASME awards the annual Teaching and Innovation Excellence (TIE) prize.

TASME Hustings

This year's TASME Hustings will take place on Friday 18th July at 13:45. Please join us and put yourself forward to expand and develop TASME. We are looking for enthusiastic and ambitious new trainees from F2 onwards to join our National Executive Committee or help with local regional hubs. The available Committee positions are:

- *Vice-Chair
- *Secretary (includes Publicity/Promotion Officer)
- *Newsletter and Communications Lead
- *Website Lead
- *Events Lead
- *Regional Hubs Co-ordinator
- *Research Lead
- *Awards/Social Secretary

Please check our website www.tasme.org.uk for role descriptions and details of the hustings process. We look forward to welcoming you. There will be an opportunity for every interested delegate to get involved.

JASME Committee Selection

Our Committee selection process takes place immediately after the morning session on Friday. We're looking for three new members for the Committee who are enthusiastic, committed and willing to give time and energy to taking JASME forward over the next two years. We're particularly looking for people to get involved with:

- *Website
- *Newsletters
- *Social Media

You would also be able to get involved in organising and running our various workshops and prizes.

Our selection process is based on evidence of enthusiasm and commitment. Geographical location and stage of training are also taken into consideration to fit with the needs of the committee.

Please come along to find out more about the committee and consider joining us. There are also lots of other ways to get involved, including the JASME Local Rep Scheme. We are really looking forward to meeting you!
